Here are two points about Pokémon:

1. **Core Concept:** The franchise centers on fictional creatures called "Pokémon," which humans, known as Pokémon Trainers, catch and train to battle each other for sport. The goal for many trainers is to become a Pokémon Master by defeating other trainers and collecting all available Pokémon.
2. **Multimedia Phenomenon:** Originating as a pair of video games for the Game Boy, Pokémon has expanded into one of the highest-grossing media franchises in the world, including a popular animated TV series, movies, a trading card game, manga, toys, and other merchandise.
